

CONSENT TO CHECK AND RELEASE CRIMINAL HISTORY RECORD

As a condition of licensing all new applicants and some applicants seeking a renewal or upgrade need to provide a copy of their national criminal history record.

In the past Racing Services has asked applicants to sign a document that allows the Tasmanian Police to search and subsequently provide a copy of the individual's criminal history at no cost to the applicant.

Tasmanian Police has recently advised Racing Services Tasmania that this procedure no longer applies and, **effective 1 November 2009**, the following procedure will be implemented.

- ***All licence applications must be accompanied by a National Police history record.***
- ***To acquire the above, applicants should obtain an application form from any Tasmanian Police Station or download the form from the following website:***
www.police.tas.gov.au/permits
- ***The form should be completed and returned to any Police Station with the applicable fee.***
- ***Please allow twenty (20) working days to receive the appropriate history which, on receipt, should accompany your licence application to Racing Services.***
Please note that applications will not be processed until Racing Services has received the Criminal History Record.

Should you have any queries please contact Racing Services Tasmania on 6336 2450.
